Please Note

- *For cost efficiency, secondary schools are built as dual units. However donors can build or support single units also at 50% of the cost.
- Construction costs are average for current build cycle of 2010-2011. Rates vary for different locations or build cycles and are subject to revision based on cement and steel prices. These are average construction costs. Any deficit/surplus is adjusted by the general construction budget.
- Each Build-a-School Project can be taken up only with the provision of school support for three years.
- All construction in the earthquake zone will need to take into account special earthquake resistant architecture.
